March 23, 2020

Aloha HSCH students,

We all have been monitoring the rapidly changing COVID-19 (Corona Virus) health issue in our region and across the world. After thoughtful consideration and in compliance to Honolulu Mayor's "stay at home, work at home" order, we will be temporarily suspending our classroom-based courses until April 30th or pending when the stay at home order is lifted. Courses include New Nursing Assistant, 24 Hour CNA Recertification, CPR/AED/First Aid, and BLS Provider.

Healthcare School of Hawaii is working to minimize exposure of our students by making sure education continues online. As Training Coordinator, I have made the following adjustments:

1. Current and upcoming Nurse Aide Training classroom lectures will be transitioning to online learning, so please stay tuned. Our instructional staffs have and will continue to develop their skills for providing instruction within an online environment.
2. Current Nurse Aide Training classroom lab/practical skills training are suspended and will be rescheduled. Clinical Practicum at our partnered Long Term Care Nursing Homes remains on hold until further notice.
3. Skills practice sessions for all students who previously made appointments must be rescheduled.
4. Students who have already enrolled for upcoming CNA recertification classes will be contacted individually. We will be contacting you depending on your expiration dates. We may be transitioning to ZOOM meetings with emailed handouts that will be sent to you prior to the meeting.

This is an incredibly challenging time for our entire community and your health and safety is of our primary concern. If you have any questions or concerns, please call our office at **(808) 488-9449**, or email us at hsch@hawaii.rr.com. We expect to receive high call volumes after this announcement, but we will try to get back to you as soon as possible. We thank you for your patience and understanding!

Sincerely,

Marianela Jacob MSN APRN-Rx FNP-BC RN
Director, Healthcare School of Hawaii LLC
